

Research Exhibition of the Department of Biomedical Physics & Technology

On the auspices of Dhaka University Day

30 June – 2 July, 2013, 11am to 4:30pm

Venue: South East Varendah of Curzon Hall building

80% of the Global population living in the Third World is deprived of the benefits of modern healthcare technology. The technology development and commercialisation model of the West has failed in this regard. With the aim of bringing healthcare technology to the doorsteps of the common people at affordable cost this new department has been striving since its initiation. This exhibition presents a few of these developments.

Honourable Vice Chancellor of Dhaka University Professor AAMS Arefin Siddique will inaugurate the exhibition. You are cordially invited to visit the exhibition and thereby encourage our efforts.

Inauguration: 30 June, 12 pm

Professor K Siddique-e Rabbani

Chairperson, Dept of Biomedical Physics & Technology
